

DoCash CUBE

DoCash

Your real value

Automatic banknote detector with auto-feed function
Portable denomination counter

Unique features

- Highest quality detection and check results
- Automatic feeding mechanism
- Ability to work without dependence on note orientation
- Practical and compact device with availability to work in any type of environment.

Advantages

- Ability to work as an automatic detector and a compact note counting machine
- Brand new system of complex detecting by using every available detection feature of the machine - IR, UV, MT and MG, thread check, spectral paint analysis, size detection, optical thickness check and other
- ADD mode with denomination detection and fitness check abilities
- Reliable feeding mechanism, preventing accidental jams
- High portability and opportunity to work in an unusual environment, available with compact dimensions, low weight and battery accessebility
- Ability of quick Software and Firmware updating at the workspace by using regular PC USB or an SD-card
- Userfriendly interface and informative LCD-display
- Ability to use an external printer
- Ability to use an external display

Specifications

Detection types	UV/ IR/ visible image/ Spectral paint analysis, otical thickness, MG and MT/ Dimensions check and other
Counting speed	200-250 bpm
Feeder capacity	200 notes
Stacker capacity	100 notes
Display	LCD
Power capacity, W	below 20
Power, V/Hz	100-240/50-60
Optional Battery	10.8 V Lithium
Dimensions, mm	170 x 157 x 152
Weight, kg	1,6
