# DoCash

*Your real value*

**Superior coin counting accuracy no matter how unappealing they are**

**Coin counter without detection**

## Purpose

- Coin counting

## Advantages

- Reliable mechanism
- Inductive counting method
- Automatically stops when needed batching size reached
- 3 memory levels
  - subtotal
  - amount total per bag
  - grand total
- 2 bright LED displays (count and batching)
- Low noise level
- Compact size
- Comfortable transporting handle

## Features

- Coin diameter and thickness adjustment
- Sorting out the coins of smaller diameter
- Automatic reverse
- Various batch volumes
- Automatic stop
- Preliminary batch setting

## Specification

Speed, coins /min	1600
Coin diameter, mm	from 14 to 34
Coin thickness, mm	from 0.8 to 3.8
Hopper capacity, coins	1500
Power supply, V/Hz	220/50
Power consumption, W	50
Overall dimensions, mm	240x400x185
Net weight, kg	8,0
